CHICAGO

KITCHEN + BATH | CHICAGO

“Relentless in our approach and never afraid to push the boundaries, **our passion for great design is undeniable.**”

A SIGNATURE ELEMENT

“I believe **custom cabinetry is the key to achieving a flawless look and ideal functionality** in both the kitchen and bathroom,” Foran shares. “Not only does it add much-needed and appreciated storage, but it allows us to personalize those storage solutions, achieve the perfect stain or color palette and **anchor all of the other design details with a high level of artistry and craft.**”

THE MUST LIST

Christy Foran shares the most in-demand kitchen and bath features.

- **In the kitchen:** Smart refrigerators with built-in touch screens offer cutting-edge features like recipe suggestions, calendar integration and grocery list management.
- **In the bathroom:** Digital shower systems allow users to customize and control water flow, temperature and even pre-set preferences for a completely-personalized shower experience.

Above Foran integrated warm wood tones into this classic black and white kitchen and then added a sophisticated pop with brass pendants and an antique pink runner.

Top A seamless blend of whites, brass accents and custom millwork, this beautiful bath exudes luxury, elegance and functionality.

Photography Margaret Rajic

A fearless display of bold tile delivers a unique contrast to timeless white custom cabinets, while the oversized hood's mixed metals create a beautiful focal point in this stunning chef's kitchen.
